Subject: RE: SRC property access and settlement agreement
Attachments: Final ATP Settlement SRC EPA DOJ - August 19, 2020 - SIGNED.PDF

Hi Kris. SRC has signed the Final Settlement Agreement, signature page attached. I asked SRC to mail the wet-ink signature to me, but I have not received it yet. I've also confirmed that they are fine with the updated Consent for Access agreement, but I haven't received a signature page yet. I will keep pressing and will keep you posted.

Subject: SRC property access and settlement agreement

Hello Ken,

I'm writing to follow up on two matters. First, has your client reviewed the final settlement and signed it yet? Once we have SRC signature, both EPA and DOJ will sign and we can initiate the 30-day public comment period.

Second, since the settlement is not yet final, EPA is requesting that SRC sign another consent for access form. The current signed form provides access through August 31. I've attached an updated draft, providing for an additional 2 months of access. I think this should be sufficient to allow for completion of the settlement and public comment period while EPA continues cleanup work. Please ask your client to sign the attached consent for access form and return it to me as soon as possible.

Please let me know if you have any questions.

Thanks,
Kris
